INTRODUCTION

A custom designed, two-story duplex unit located in Loyal Gardens. This one-of-a-kind unit appears and lives more like a private single family house versus a typical duplex unit, thanks to the creative architectural design, corner lot configuration and proximity to adjacent single-family homes, giving the unit an appearance of a private individual home from the street. The privacy enjoyed by this unit is due to the small amount of shared common wall with the adjacent unit's garage on the first floor and the second floor not sharing any common wall at all. The outdoor living spaces consist of a concrete patio off the family room / kitchen that overlooks the heavily landscaped community park/pond and a smaller common area side yard that is shared with the adjacent unit. This custom designed and well appointed unit was completed in 2019 by Kresge Construction. Kresge Construction has a strong reputation of unparalleled designs, quality craftsmanship with amazing attention to detail. Distinguished interior features include, granite counters, hardwood and tiled floors, oversized walk-in master closet, walk-in tiled master bath shower and contemporary finishes throughout. Seller is offering \$6,000 at closing to be applied to closing costs and or a rate buy-down. All information is considered to be accurate; however, the buyer is responsible for verification.

GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native americans referred to this area as the “Valley of Flowers”. The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres(2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world’s primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size(Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
