INTRODUCTION

Charming Storybook-style 5-bedroom, 3-bath gem offering 2800 sq. ft. Nestled on a sprawling 1/4 acre lot, this 1930 classic blends vintage allure with modern amenities. Perfect for entertaining, the spacious backyard is a dream with a firepit, pergola adorned with Concord grapes, and garden boxes filled with raspberries. Step inside to find a beautifully restored interior featuring original hardwood floors, built-ins, lighting, an antique refinished clawfoot tub, and arched doorways. The huge garage is equipped with 220V power, ready for your hobbies, office, art studio or a future ADU, creating endless possibilities. Discover a timeless treasure close to downtown Bozeman, Montana State, recreation and the hospital. The upstairs of the garage has been framed for an ADU that was previously approved by the city. At that time, the city said a guest house could be built instead of the ADU if the alley was paved. Buyer to research what the city would currently allow. More square footage was added by finishing the bathroom upstairs and making the upstairs closet a walk-in so the square footage should be closer to 2800 +/-.

GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native americans referred to this area as the "Valley of Flowers". The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and

Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres(2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world's primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size(Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
