# INTRODUCTION

There's ordinary downtown living, and then there's downtown living at its finest: The Willson Residences. Heralded as a masterpiece when the Bozeman landmarks exterior was restored and reimagined in 2015-2017 and the 1903 and 1913 interiors fully transformed into 16 new condominiums, each one-of-a-kind and artfully planned to capture urban functionality, contemporary comfort, and historical character. This stunning Willson Residence is offered fully furnished including all art, rugs & furniture. Located in the center of vibrant downtown Bozeman, yet with the unique privacy of a surrounding large lawn and century-old trees, the Willson Residences G shows better than new as G has only been occupied occasionally since its completion in 2016. This highly sought-after east-facing unit captures the views of the stained-glass windows across the street and features the ease of one-level living with walls of windows overlooking large private decks. Its spectacular interior was entirely customized with modern light fixtures, specially chosen tile & an epicurean kitchen featuring Thermador appliances and an island with ample seating. Two true (non-loft) bedrooms, located on opposite ends of the condo, ensure maximum privacy and comfort. The primary bedroom suite is highlighted by a private patio, and a capacious bathroom with both a tiled steam-shower and free-standing tub. This unit includes a private, secure, heated parking garage with elevator access, with a 1-car assigned parking space and locked, storage unit.

# GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the “Valley of Flowers”. The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world’s primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
