INTRODUCTION

Welcome to 2336 Trailcrest, a stunning 5210sf custom home on nearly 23 acres perched in the Pine Butte Trails, just 15 minutes to downtown Bozeman. Fully remodeled in 2022, this Tim Dean-designed home was originally built in 2001 and stands as a testament to high-end design and build projects: homes of this caliber do not come on the market often. Situated over two levels, the home features an extensive number of upgrades and finish selections, including red oak floors, Thermador appliances, Dekton countertops, radiant floor heat, Heat & Glo fireplaces and so many more. The home has four bedrooms, plus an additional office and bonus room, with a main floor primary suite and a lower level featuring three bedrooms as well as separate access to the attached three car garage. Perhaps the most thrilling aspect of this property are the views - catch the sunset over the Spanish Peaks and the Tobacco Roots or alpenglow on the Bridgers from indoors or outside on the two-level wrap around deck. Meander across the manicured grass to the detached, oversized, heated RV garage & shop with bathroom (capable of holding a 40ft+ camper, plus more toys) or further down to find a seasonal creek that crosses through the property. There's opportunity for expansion as well, as the Pine Butte Trails subdivision allows for additional outbuildings - not to mention horses. 2336 Trailcrest is a one-of-a-kind home on a one-of-a-kind property -- don't miss out on this exceptional offering.

GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the "Valley of Flowers". The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world's primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
