INTRODUCTION

SELLERS HAVE PAID FOR AND SCHEDULED THE CONSTRUCTION OF A BRAND NEW 6 PRIVACY FENCE, TO BE INSTALLED AT THE END OF JULY. This single level, spacious home has only had one owner since it was built in 2015. The floorplan features 3 bedrooms, 2 bathrooms, living room, kitchen, dining area, laundry room and garage all on one level. The garage door opens directly into a convenient mudroom for keeping all your outside dirt and clutter out of the main living space! The laundry room has been upgraded to include large cabinets and a utility sink. The entire home features vaulted ceilings and an inviting open floor plan where everything flows seamlessly together. The kitchen is well-appointed with a brand new microwave, double-oven electric range, ultra-quiet dishwasher, and large walk-in pantry. The spacious master bedroom has views of mature trees, often speckled with visiting song birds. If you are up early enough, you may even spot the Great Horned Owl who lives nearby. The master bedroom features a connected double sink bathroom and large walk-in closet. The trees on and near the property keep the house naturally cool and comfortable throughout the hot months and provide a gorgeous winter wonderland in the cold ones. There is access to a walking trail immediately across the street for your morning or evening stroll with your favorite human, four-legged companion, or for a moment alone to decompress. The guest room at the front of the house receives full sun all day, making it perfect for an office or craft room and a favorite for sunbathing pets and sun-seeking plants. The garage door, HVAC, sprinklers, and plumbing has all been regularly maintained and repaired when needed. Nearly every appliance has been replaced and upgraded in the last few years. All the carpets in the house were recently replaced and nearly the whole house has been newly painted. This home is located in the sought after Bozeman school district, yet just out of city limits meaning lower real estate taxes, making this deal even sweeter! Located just 10 minutes from thriving and vibrant downtown shopping, 10 minutes from Montana State University, and 6 minutes from the (soon to be) newly renovated mall, several grocery stores, or popular dining spots at Ferguson Farm. GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the "Valley of Flowers". The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world's primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
