# INTRODUCTION

We are pleased to present a generational opportunity to acquire The Osborne, a premier mixed-use asset located on East Main Street in Downtown Bozeman, Montana. Delivered in 2020 and designed by award-winning Locati Architects, this four-story, 33,044-square-foot building represents the only recent ground-up development on Bozeman's score Main Street corridor combining best-in-class construction, architectural excellence, and long-term income stability. The Osborne features a curated tenant mix of high-end retailers, premier dining, executive office suites, and a rooftop telecommunications lease. All tenants operate under long-term leases with annual increases, including NNN structures throughout. Located in the heart of one of the fastest-growing and most affluent micropolitan markets in the U.S., The Osborne benefits from a premier Main St location with access to hundreds of downtown retailers, proximity to Montana State University, and over 4.5 million annual tourists who visit the greater Bozeman Yellowstone Big Sky region. This is a rare chance to acquire a Main Street trophy asset in a severely supply-constrained submarket with high barriers to entry.

# GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the “Valley of Flowers”. The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world’s primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
