INTRODUCTION

The cutest townhouse in the cutest subdivision! Extremely clean and move in ready. Located on a quiet and low traffic street, this house features a smart and well flowing floorplan with main living/entertaining on the first level and bedrooms on floor two. The spacious living room features a gas fireplace, the centrally located kitchen is well planned for efficient cooking, and the dining room is open and has vaulted ceilings-- it is lovely for dinner parties. Large south facing windows keep the main level nice and bright (yet it somehow remains remarkably cool!). French doors off the dining room lead you to a sizable and partially covered patio with plenty of space for all your bbqing and outdoor dining needs. The yard is perfectly petite-- plenty of room to play with pets or win some yard games, but small enough that you can spend more time doing things you love and less time mowing all summer! The detached garage fits a large vehicle with room to spare. Plenty of room for bikes, skis, paddle boards and beyond. Back to the house, the master bedroom is located on the south side of the second level, decent size, vaulted ceilings, full bathroom, and two closets! The second floor has two additional bedrooms that share a 3/4 bathroom. The location of this property simply can't be beat-- the Valley West park (trails, playground, pond, creek, volleyball, and lots of green space!) is at the end of the block. Town and Country is a four minute drive (or quick half mile walk!) away, and when you don't feel like cooking, Ferguson Farm (Tanglewood, Sidewinders, Hachi, Piglets, The Well Juicery!) is just beyond T&C. Downtown Bozeman is 10 minutes driving, Four Corners is 10 minutes the other direction. This townhouse is incredibly adorable and easy to live in, don't miss out on claiming it as your home! GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the "Valley of Flowers". The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world's primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
