INTRODUCTION

Welcome to 25 Big Chief Trail where rustic charm, wide-open space, and a little Montana soul come together just 15 minutes from downtown Bozeman. This home is in search of a new owner who loves it as much as the current owners—someone who's not chasing trends of minimalism and white walls, but instead appreciates warmth, character, and the timeless charm this home has to offer. Set on 2.4+ fully usable acres, it's the perfect setup for anyone dreaming of a place to build a shop/ADU, keep animals, or simply spread out and breathe. With almost 4,000 square feet of living space, this 5-bedroom, 2.5-bath log home offers room for everyone. The exposed beams, wood floors, and big windows fill the home with sun and texture. The kitchen blends modern convenience with rustic style, and the upstairs primary suite creates a private retreat complete with a cozy study, reading nook and en-suite bathroom. Outside (our favorite part!), you'll find a covered front and back porch for morning coffee, raised garden beds, a fire pit for evening hangs, and enough space to turn your hobbies into a lifestyle. Whether you're dreaming of a few chickens, a horse or two, a private haven or just want to garden for Pete's sake, this property has the land, the layout, and the heart to make it happen. Got dogs? There is an underground electric dog fence that surrounds the entire property. Located in the Monforton School District. BRAND NEW ROOF was put on in August 2025. If you've been waiting for a place that feels less "cookie-cutter" and more like home in Montana, come take a look. This one's special.

GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the “Valley of Flowers”. The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world’s primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
