INTRODUCTION

This 3 bedroom, 2 bath home has all the cozy charm you want and the updates you need. Built in 2006- but dont let the year fool you. This home has been lovingly cared for and thoughtfully updated from the charming entry, to the hand painted bathroom tiles, to the kitchen that got a facelift in 2021 with fresh counters, backsplash, sink, faucet, and hardware. The main living space is wide open, bright, and just begging for gatherings (or that giant sectional youve been eyeing). Newer flooring, updated light fixtures and the rooms are genuinely spacious. Step outside and youve got a fully fenced backyard with a deck with underground sprinklers. And the location? Youre two blocks from Gallatin Regional Park, right around the corner from Oak Springs Park, close to schools and shopping, yet tucked on a quiet street that feels miles away from the hustle. If youve been looking for that just right spot in Bozeman- not too big, not too small, close to everything but still peaceful, this is it.

GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the "Valley of Flowers". The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world's primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
