INTRODUCTION

A rare chance to secure your own stretch of land in The Homestead, a premier Bridger-foothill neighborhood that feels secluded yet sits just minutes from downtown Bozeman. Lot 17 spans 53.65 acres, and is not only the largest lot in the development, but this lot also allows up to 4 horses. One of only seventeen parcels spread across 320 acres, each is positioned to capture sweeping, unobstructed views of Gallatin Valley and the surrounding peaks. From the community's signature circular approach to the quiet setting along the western bench of the Bridgers, this property offers a sense of space that's increasingly hard to find. Morning light, evening alpenglow, and every shade of Montana sky show off here. The location is ideal close to the M Trail and other beloved trailheads, with historic Main Street only a short drive away. Covenants and design guidelines allow for a main residence, guest home, and additional structures such as a barn, studio, or storage for the gear that mountain living demands. If you've been looking for land that truly embodies the Montana lifestyle, The Homestead delivers.

GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native Americans referred to this area as the “Valley of Flowers”. The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres (2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world’s primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size (Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
