INTRODUCTION

BACK ON MARKET NO FAULT TO PROPERTY - Every now and then, something falls into your lap that makes you question if the universe is low-key obsessed with you. Enter: this adorable tri-level charmer on one of River Rocks quietest streets. Its giving main character energy and you just got cast in the starring role. From the moment you walk in, its clear this place doesnt do boring. The vaulted ceilings? Dramatic. The granite countertops? Glamorous. The upgraded gas range and dreamy fridge? Culinary confidence unlocked. The layout flows like your favorite playlist dining, kitchen, and living areas all vibing together, ready for anything from weeknight dinners to oops, 10 people came over Saturdays. Slide open the door and BAM: youre in the side yard heading to the backyard, soaking up summer vibes and plotting your next BBQ domination. Upstairs, the primary suite overlooks the backyard like it owns the place (which, technically, it might once you move in). A roomy closet and full bath complete the look. Two additional guest rooms and a second full bathroom mean your people can stay over without stepping on your self-care routine. And lets talk about the basement its the unsung hero. With a flex space for zoning out, a non-conforming bedroom (no closet), a bonus room (office? home gym? secret hobby lair?), full bathroom with a laundry zone, youll wonder how you ever lived without it. Oh, and did we mention the fenced yard, underground sprinklers, and oversized shed for all your stuff and your secrets? Yeah. Its kind of a whole vibe. (Buyer to verify square footage. Cadastral only shows two levels: basement 720, and first floor 1,472. Agent provided a guestimate on square footage as it better reflects the actual layout. The agent did not modify the square footage from the total footprint in the cadastral. If buyer has concerns buyer shall inspect during due diligence period. The 5th bed is non-conforming, as there is no closet.)

GALLATIN COUNTY

Located in a sweeping valley in the heart of the Rocky Mountains, Gallatin County is the most populated and fastest growing county in scenic southwest Montana. Gallatin Valley has a rich history. Native americans referred to this area as the “Valley of Flowers”. The name seems appropriate because of the great variety of wild flowers found on the mountainsides as well as in the valley. Gallatin Valley derives its name from the Gallatin River, one of the forks of the Missouri river that rises in Yellowstone Park. The Gallatin river, Jefferson river, and Madison river all merge at the town of Three Forks to form the Missouri River. Lewis and Clark named the rivers on their famous expedition to this part of the world in 1805.

There are approximately 1,682,048 acres(2,500 square miles) in Gallatin County including over 16,500 acres in surface water. Approximately 800,000 acres in Gallatin County are owned by the public and managed by several local and national agencies including the Bureau of Land Management, U.S. Forest Service, National Park Service, Montana Fish Wildlife & Parks, Montana Department of Transportation, Department of Natural Resources & Conservation and various local governments. The U.S. Forest Service is the largest land holder in Gallatin

County, currently managing over 665,000 acres. In addition to the Forest Service, various state departments manage approximately 61,000 acres. The Bureau of Land Management holds just over 9,000 acres and an additional 1,600 acres belongs to local governments. On the southern edge of Gallatin County is Yellowstone National Park. Yellowstone National Park is one of the world’s primary wildlife preserves and has the greatest concentration of geysers and hot springs in America. Yellowstone National Park is 2,219,789 acres in size(Larger than Rhode Island and Delaware combined). Over 97,600 acres of Yellowstone National Park is located within Gallatin County.
